

K-LOVE is a very important part of my community. K-LOVE listeners are greatly encouraged as they listen to the music and experience the genuine love of the K-LOVE staff. In a world full of negativity and declining morals, this radio station provides hope to our community. Replacing K-LOVE with an LPFM broadcaster would affect our area by taking away the encouragement that K-LOVE provides 24 hours a day. This encouragement is contagious! Once a person perceives a positive attitude, it spreads! This makes our workplaces and homes better. Since K-LOVE is 100% listener supported, how can such a desired station be replaced? Please take a look at this past week's pledge drive to see how so many people joined the team to spread the music to over 2 million listeners worldwide. This was nothing short of amazing as the percentage of pledges skyrocketed as listeners grew serious about protecting their station. PLEASE keep this station on the air.
